

CREAM CLEANSER™

Cream Cleanser is a cleaning solution that can be used safely on porcelain (urinals, toilets, shower stalls, ceramic, stainless steel, chromium, formica and hard surfaces). Contains no harsh abrasives. Excellent for removing stubborn spots, soil build-up, scuffs, grease, rubber marks, soap scum and encrustations.

Benefits/Uses

- Cleans and shines
- Leaves no residue
- Controlled sudsing
- Deodorizes and leaves a fresh scent
- Will not scratch surface

Physical Properties

Appearance - Opaque, viscous yellow cream

 $\begin{array}{cccc} \text{Odour} & - & \text{Lemon} \\ \text{pH} & - & 11.0 - 11.5 \\ \text{Specific Gravity} & - & 1.09 \end{array}$

Recommendations

Directions: Squeeze a small amount directly on surface to be cleaned. Loosen soil or stains with rubbing action, using a cloth, sponge or brush. Rinse with water (if needed). For metal surfaces, polish with a soft, dry cloth to create a bright shine.

Code

12/1Litre per case 80054
