DRAIN CLEAN LIQUID DRAIN OPENER

DRAIN CLEAN is a highly active acid based drain opener. DRAIN CLEAN works extremely fast, freeing stopped up drains of organic waste, grease, fats, sludge, paper, cloth sanitary napkins, rags, soap, detergent build up and food particles. DRAIN CLEAN loosens and removes lime and rust build up in drain lines. DRAIN CLEAN is extremely powerful and concentrated, **extreme care** must be exercised with its use.

Precautions

- Do not use hot water before or after using this product. Always use cold water.
- Do not use before or after using any other drain cleaner.
- Do not transfer this product to any other container.
- Do not use a plunger where this product is being used.
- Do not use on aluminium or allow to remain in contact with stainless steel, chrome, porcelain or concrete.
- Do not allow product to contact wood or painted surfaces.
- Always use rubber gloves and goggles when using this product.
- Always **use extreme caution and care** when handling this product.

Physical Properties

Appearance	- Thickened liquid
Colour	- Clear amber
Odour	- Pungent
pH (1% sol'n)	- <1.0

Recommendations

Follow all label directions and cautions. DRAIN CLEAN should be used as a maintainer of the drain lines and used on slow moving drains only. Completely stopped drains should have a plumber or snake used to open the obstruction.
