

# Armstrong™

## NO-STAT

No-Stat is a water based anti-stat formulated to help eliminate build-up of static charges. Recommended for all types of rugs and carpets. Carpeting treated with No-Stat eliminates annoying static electrical shocks and minimizes subsequent resoiling for up to 4 months.

### Use/Benefits

- Eliminates static electrical shocks
- Ready to use
- Helps minimize resoiling for up to 4 months
- Easy to use

### Physical Properties

Appearance	-	Tan liquid
Odour	-	Odourless
pH	-	6.0 - 6.5
SG	-	1.02

### Recommendations

Recommended for use on all types of rugs and carpets - Acrilan, nylon, wool and all synthetic fibres. Fill reservoir of a clean, stainless steel airless sprayer. Direct nozzle downward approximately 10 - 12 inches from the carpet and spray evenly to lightly dampen the carpeting. Allow to dry. A plastic trigger sprayer can be used for small areas. Do not use ordinary copper, steel or brass since corrosion and discolouration may result.

### Precautions

DO NOT MIX THIS PRODUCT WITH SHAMPOO. If carpets are shampooed, apply No-Stat only after cleaning and vacuuming have been completed.

### Codes

4x4 Litres per case..... 43460
